### **Thursday, October 13**

9:00 a.m. to 12:00 p.m.      **General Session**

#### **EDUCATION IN AMERICA IN THE 21<sup>st</sup> Century for At Risk Students. How can Head Start lay the right foundation?**

The world in which Head Start programs operate continues to shift and change at a rapid pace. We are deluged with new information about the challenges facing us as the technology scene explodes, making a solid approach to education in the United States more and more critical. When Head Start programs operate at their best, we provide a firm foundation for young children and their education. But is it enough? This general session will bring Directors, Managers, Staff and Parents up to date on the some of the astonishing things that are happening in the nation today and which apply directly to Head Start children and families – and their future. Be prepared to learn new facts, be surprised, be outraged, and most of all, be challenged to move into the next few years with a mission to make a colossal impact!

12:00 p.m. to 1:00 p.m.      **Luncheon**

1:00 p.m. to 3:30 p.m.

## **Roundtable Meetings**

### **Directors**

Employee Handbooks and Personnel Policies – Are Yours Legal?

*Barbara Haxton, OHSAI*

Resident Teacher Program, *James Scott, Collaboration Project Director*

### **Early Head Start**

Explore Ohio's New Infant & Toddler Field Guide; Strategies for Care Teachers

*Holly Schiebe, Ohio Child Care Resource and Referral Association*

Ohio's new Infant & Toddler Field Guide was designed specifically for care teachers like you! If you are interested in learning about this new tool for care teachers that focus on additional solutions to everyday situations that occur in infant/toddler settings and want to "see" how these solutions may have positive outcomes for you, the children and their families, then come experience the Field Guide. The Field Guide is a companion document to Ohio's Infant & Toddler Guidelines.

*Professional Development modules to support the use of this resource are being developed and will be available later this year in conjunction with OHSAI events.*

**This session is approved for SUTQ Specialized Training.**

### **Education**

Promoting Vocabulary Growth with DAP and Intentional Teaching

*Deborah Mickey, Early Literacy Specialist, SST Region 13*

Participants will explore strategies to build children's vocabulary that incorporate video, work samples and research. These strategies are useful in any setting, aid in curriculum integration, provide focus for planning in any curriculum framework, and link closely to CLASS® Dimensions.

**This session is approved for SUTQ Specialized Training.**

### **Family and Community Partnerships**

A New Paradigm of Parent Engagement

*Wayne Floyd, Council on Rural Services Head Start*

In light of the new realities for today's Head Start parents – dwindling community resources, a tightening job market, an evolving definition of employability and external stressors that continue to intensify – the old paradigm of refer them to fix them isn't going to work. Participants will discuss strategies to utilize today's environment as an opportunity to make meaningful connections, nurture growth and build specific skills to empower families to face these challenges.

### **Parents**

"I am Already Successful" – Activities to Develop Motivation and Self Esteem

Participants will continue exploring facilitated activities and discussions to build their self-awareness and their ability to help others do the same.

### **Health/Disabilities**

Working with LEAs to Serve Children with Disabilities

*Marilyn Espe-Sherwindt, Family Child Learning Center*

Participants will discuss the focus group results and will address areas of needs that were identified including clarification of ODE policy on referral/eligibility, the role of Rtl (Response to Intervention), and future needs.
